CONSTRUCTION FEATURES

When it comes to our process, we have it down to a fine art. Always mindful to highlight the beauty of wood, we take care to give it a unique and natural look. Each piece, meticulously crafted and hand-finished by our experienced artisans, is our guarantee of certified quality and durability. Aiming to create exceptional custom furniture, our goal has always been the same: that you experience the same feelings of pride and joy in receiving your furniture as we had in creating it.

MORTISE & TENON

It's considered to be one of the strongest and stable joints. No screw are needed, the chair is assembled with glue.

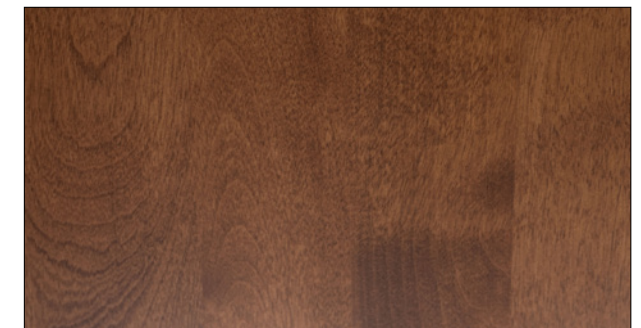

GLASS TABLE TOP

We use 12 mm thick tempered glass. The sides are polished and the corners are secure.

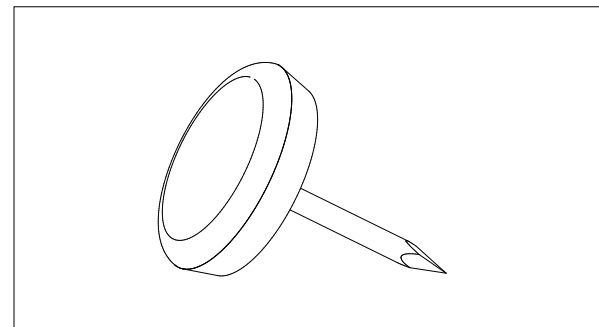

ELECTRO-PLATED STAINLESS

Thanks to this process, we obtain an elegant and durable gold finish that is easy to maintain.

MATTE FINISH

Our matte finish is the smoothest one offered at Canadel. It is neutral, timeless, and can match many different styles.

GLIDE

Teflon glides are used on wood base furniture. They are securely nailed to each leg, make moving furniture around on wooden, ceramic, and even carpeted floors easier, and provide excellent protection.

CANADEL'S EXCLUSIVE PROTECTION

Canadel has developed a unique protection made with a catalyzed lacquer base.
